INNOVATION COMPANY**

MAKING INEFFICIENCIES EXTINCT

MAKINEX®

We are the Tool and Power Innovation Company

Since 2004 Makinex has been designing tools and equipment that is innovative and award-winning. It is this cutting-edge dedication to providing products that are faster, safer and easier to use that sets us apart.

All our products are carefully researched and pre-tested to meet the needs of the toughest industries in the world – construction, rental, flooring, concrete, landscaping and related industries.

We pride ourselves on designing, manufacturing and distributing unique products that enhance productivity, save time and decrease physical effort.

DUAL PRESSURE CLEANER 2200 (DPC)

FEATURES

Spray Gun
and Wand

Rotary Cleaner

Telescopic Handle

Lightweight

Briggs & Stratton
Gasoline Engine

2 in 1 Pressure Cleaner – Cleans 3x Faster

Redefining cleaning power. Combining a pressure wand and rotary surface cleaner, the DPC delivers 2200 psi control all in one machine. It blitzes through dirt and grime at 3x the speed, outshining its rivals. With a mere 88lbs weight, it's compact, lightweight, and versatile – a dynamic companion for driveways, walls, and ceilings. This 2in1 marvel seamlessly toggles between rotor and wand through a single handle turn. Whirl a way, pump, and engine merge into a compact powerhouse. Conquer tough spots with the telescopic adjustable handle.

Ideal For

- Vertical and horizontal cleaning
- Cleaning outdoor areas including tennis courts
- Cleaning driveways, paths and exterior surfaces
- Cleaning outdoor furniture
- Cleaning vehicles, motorbikes and trailers

Specifications 2200

Dimensions (handle folded)	L 2ft 8in X W 1ft 6in/ X H 3ft 4in
Weight	88lbs
Hose length	32ft, 9in
Sound level at handle	80 dBA full load @ 3,600 rpm
Gas engine	Briggs & Stratton
Fuel tank capacity	8.8G
Fuel	Unleaded 86 octane or higher
Pump	AR Triplex pump
Pressure range	1000 to 2200 psi
Rotary size	18in

SURFACE CLEANING

DUAL PRESSURE WASHER 2500 AND 4000 (DPW)

2 in 1 Commercial Pressure Cleaner – Cleans 3x Faster

Your Ultimate All-in-One Pressure Washing Solution. This remarkable machine combines a pressure wand and rotary cleaner, offering adjustable pressure control from 1000 to 4000 psi. Tackle a heavy-duty job with ease. It boasts an impressive 3x speed in coverage compared to rivals, ensuring efficiency like never before. Safety is paramount, with advanced features like a front wheel lock to prevent rolling. Switch effortlessly between rotor and wand through a simple handle turn. Packing up is a breeze with the foldable handle, while the 24" precision-made surface cleaner, hose reel, and large wheels add practicality.

Ideal For

- Heavy duty cleaning
- Versatile cleaning
- Vertical and horizontal cleaning
- Cleaning outdoor areas including tennis courts, parking lots, residential and commercial
- Cleaning driveways, paths and exterior surfaces
- Cleaning greasy workshop and floors
- Cleaning trucks and machinery

FEATURES

Adjustable Pressure from 1000 to 4000 PSI

Direct Drive Pump

13 HP Honda Engine (DPW4000)

Spray Gun and Wand

21 Inch (DPW2500) 24 Inch (DPW4000) Rotary Cleaner

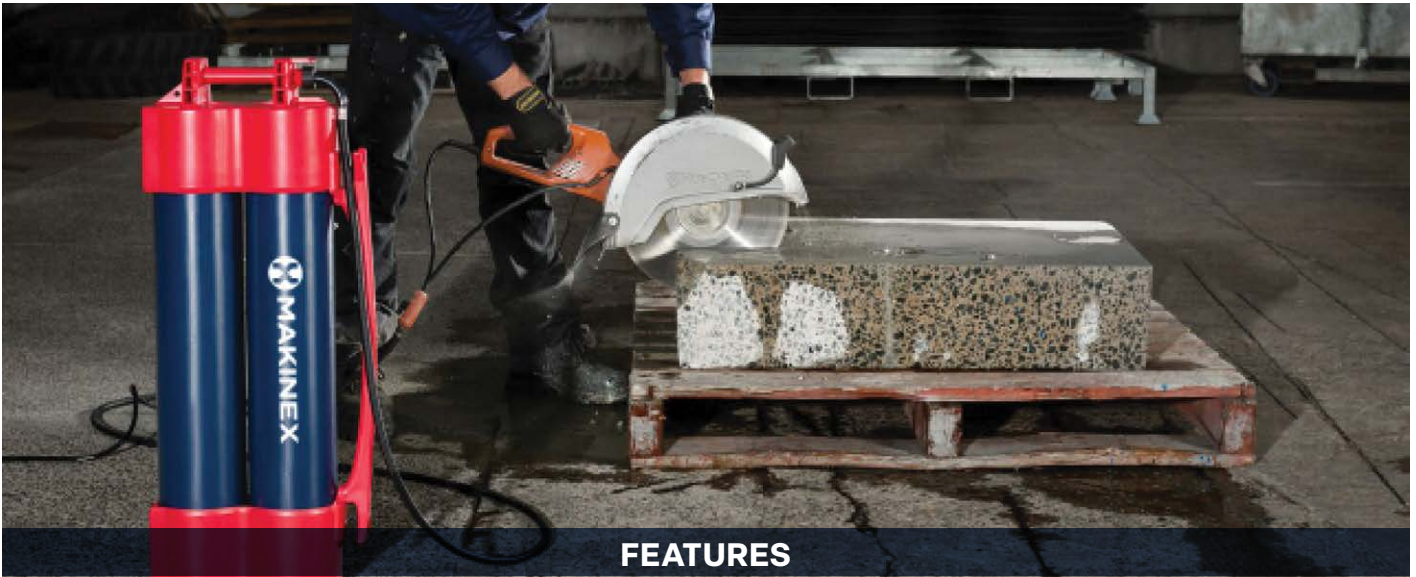

Specifications 2500

Weight	145lbs
Pressure range	1000-2500 psi
Hose length	50ft wand length
Sound level at handle	92dBA
Pump	AR Triplex with gear reduction, internal bypass unloader, thermal release valve
Fuel tank capacity	0.8G
Gallons per minute	2.5 GPM
Rotary size	21in
Engine	Pull start Honda GX200 air-cooled 4-stroke OHV or Vanguard 25V3
Dimensions (handle folded)	L 3ft 8.8in X W 1ft 9.7in/ X H 2ft 5in
Fuel	Unleaded 86 octane or higher

Specifications 4000

Weight	222lbs
Pressure range	1000-4000 psi
Hose length	50ft
Sound level at handle	92dBA
Pump	Heavy duty AR Triplex with gear reduction, thermal release valve, eternal bypass
Fuel tank capacity	1.6G
Gallons per minute	4.0 GPM
Rotary size	24in
Engine	Honda GX390
Overall width	24.4in
Height (with handle folded)	34.4in
Length (with handle folded)	53.5in

HOSE2GO

FEATURES

Portable
Pressurized
Water Supply

Blade Cooling

Constant Pressure Water Supply Unit Without a Battery or Pump

The ultimate portable pressurized water solution. Forget manual pumping and complicated electrics. This pumpless system delivers 3.6G of portable pressurized water (7-10 psi) for dust suppression, blade cooling, and more, for up to 30 minutes. No batteries, no electricity, no worries. Lightweight and ergonomic, offering two carry positions. It's not just a tool – it's a versatile solution for multiple convenience and compliance.

Inclusions

1. Spray gun
2. Hose 3m
3. Tap adaptor
4. Screw on quick connect hose fitting
5. Quick connect stop valve hose fitting
6. Strap attachment

Specifications

Dimensions	L12.8in x W5.7in x H31.5in
Weight (dry)	12.6lbs
Weight (full)	43lbs
Full tank capacity	3.65gal
Continuous output pressure	7-10 psi

CONCRETE GRINDER

A Robust Tool for Grinding, Polishing, and Finishing Concrete Surfaces

The Makinex Concrete Grinder is your go-to for grinding, polishing, and finishing concrete surfaces, offering exceptional adaptability. This grinder excels in leveling floors and with its removable magnetic shroud insures flawless edge grinding. CE certified and equipped with power-off and overloading protections, it's a reliable choice. The outlet port accommodates vacuum attachment, maintaining a clean environment. Compatible with standard 7.1 inch diamond or resin grinding discs, this tool effortlessly removes surface coatings like epoxy and paint from concrete floors.

Specifications Concrete Grinder	
Dimensions	L 17.7in X W 13in X H 9.3in
Net weight	15.4lbs
Application	Concrete
Motor specifications	230V/50-60HZ/2050W
Speed	0-3000r/min

Ideal For

- Polishing
- Concrete grinding
- Finishing concrete surfaces
- Leveling floors
- Precise edge grinding

FEATURES

Removable Dust Cover for Edge Grinding

Power Off and Overload Protection

Vacuum Outlet Port

Variable Speed and Trigger Lock

Compatible with 7.1 inch Diamond and Resin Grinding Discs

Ergonomically 2-Handed Controls Constant Pressure

MS-100 MIXING STATION

Portable, Fast and Easy Flooring Materials Mixing Station

Elevate your flooring process with the Makinex Mixing Station MS100. Mix up to 4 bags in 3 minutes for precise pouring and less waste. Save time, labor, and costs while ensuring an ergonomic and lightweight experience. Say goodbye to spills with the removable lid and enjoy easy clean-up.

- Perfect mix and pouring every time
- Mix up to 4 bags in 3 minutes
- Save time and money

Specifications	Mixing Station
Height handle attached (operating)	42-51in
Height handle detached (transport)	31in
Overall width	21in
Overall length	25in
Length of handle adjustment	10in
Weight (without stirrer/mixer)	40lbs

Specifications	Mixer
Weight (w/o paddle)	11lbs
Voltage	120v
Watts	1800w
Amps	18 (full load)
Speeds	2
RPM Range (variable)	1 st gear 150-300 rpm 2 nd gear 300-650 rpm

Ideal For

- Flowable materials
- Mixing epoxies and self-leveling cements
- Plasterers
- Concreters
- Floor preparation

Ergonomic

Station and mixer sold separately

FEATURES

Removable Dust Splash and Bucket

Easy Tilt Operation for Precision Pouring

MS-150 MIXING STATION

Portable, Fast and Easy Flooring Materials Mixing Station

Large, portable, fast and easy flooring materials mixing station redefining flooring mixing, the MS150 Mixing Station is a portable powerhouse, blending up to 5 bags in 7 minutes while ensuring precise pouring and reduced waste. Save time and labor while relishing an ergonomic lightweight design that curbs operator fatigue and injury. With a removable vacuum attachment for spills and dust suppression, achieve meticulous mixing and pouring within the single unit.

- Perfect mix and pouring every time
- Mix 5 bags in 7 minutes
- Save time and money

Specifications	Mixing Station
Height handle attached (operating)	42.7in – 52.2in
Height handle detached (transport)	40.7in
Overall width	24.1in
Overall length	29.1in
Length of handle adjustment	9.56in
Weight (without makinex electric mixer and helix paddle)	48.5lbs
Weight (with makinex electric mixer and helix paddle)	72.75lbs

Specifications	Mixer
Weight	14.3lbs

JACKHAMMER TROLLEY

A Versatile Demolition Tool that Removes Floor Tiles, Hardwood, and Mortar Beds

Demolish with unmatched speed. Rip through ceramic tiles, thinset, and more up to 6 times faster. The innovative design reduces impact and fatigue, with 80-degree angles across 5 settings. Streamlined and robust, the trolley boasts an easy-to-use spring and brake lever for angle adjustments and an inbuilt dampening system that minimizes impact, vibration, injury risk, and muscle fatigue.

Specifications

Weight (trolley without jackhammer)	60.6lbs
Dimensions (trolley without jackhammer)	L 3ft 3in x W 1ft 3 in x H 12 in
Suitable for 35lbs jackhammer models	Bosch 11335K, Hilti TE1000, Hilti TE1500, Makita 1307, 1317, 1520, 1512 and Bauer 1632E-B

TILE SMASHER HEADS AND ACCESSORIES

Precise Demolition Tools for the Fast and Efficient Removal of Tiles, Mortar Beds, and More

The Makinex Tile Smasher Head and accessories are expertly engineered for the fast and efficient removal of tiles, mortar beds, and more. Designed for use with breakers up to 42 lbs it pairs seamlessly with the Makinex Jackhammer Trolley, offering enhanced productivity while minimizing user fatigue.

For lighter handheld breakers up to 22 lbs, the SDS Plus and SDS Max options deliver exceptional versatility and precision. All versions feature a high-tensile steel head, replaceable blades, and a secure tapered locking mechanism.

Additionally, the Flippable Wide Chisel accessory is designed for maximum durability, making it the perfect companion for demanding demolition tasks on both concrete and wooden surfaces.

Ideal For

- Construction
- Renovators
- Rental
- Demolition

POWERED HAND TRUCK (PHT)

The Ultimate Materials Handling Lift & Load Solution

Raise your lifting game. With a solo 309lbs lift capacity, it's your partner in workshops, warehouses, and beyond. Battery-powered for up to 50 cycles per charge, it eliminates fatigue and risky two-person lifts. Goodbye costly forklifts and licenses. Foldable and portable, it's your go-anywhere lifting solution. Charge up, lift more, and transform how you work safely.

- Solo lift up to 309lbs
- Battery powered with up to 50 lifts per cycle
- Reduce back injuries and operator fatigue

Ideal For

- Workshops
- Warehouses
- Factories and depots
- Rental
- Distribution companies

Specifications

Machine weight	Total 88lbs handle end – 33lbs wheel end – 55lbs
Weight of fork attachment only	26.5lbs
Maximum lift capacity	Up to 309lbs
Lift range / height (of hook attachment)	Ground level up to 6ft 2in
Lift range / height (of fork attachment)	Ground level up to 6ft2in
Folded dimensions	L: 6ft 6in x W: 2ft 4in x H: 10.4in
Linear actuator power	12V DC, 25 amp
Lift cycles per charge	Approx. 50 lift cycles

MOBILE CHARGE POD (MCP)

FEATURES

6x Secure Lockers

Lightweight

Large Inspection Holes

IP33 Rated

Single 15A Supply

Air Ventilation

Safe, Fire Retardant On-Site Battery Storage and Charging

Redefining on-site battery storage and charging. The Mobile Charge Pod offers a safe haven for your power products, providing a simple and organized solution for contractors and tradespeople. With 6 easy-to-use lockers accommodating various tool and battery types, it's a fire-resistant design crafted by and for Tier 1 Contractors that will relieve stress from equipment loss and battery downtime. Lightweight yet robust, it surpasses metal lockers, with forklift pockets for transportation convenience.

Ideal For

- Construction
- Rental
- Jobsites
- Service/repair shops
- Automotive shops
- Safe and compliant storage (AS/NZS 3190 and AS/NZS 3012 as a portable socket outlet assembly (PSOA))

Benefits

- Fire retardant
- Easy-to-use GFCI protected lockers
- Protected GPO for each locker

Specifications	
Size	58.3in x 17in x 54in
Weight	163.1lbs
Dimensions at the front of locker	22.8in x 13in x 14.6in
Socket outlets	1 15A GFCI per locker
Material	Super tough, UV stabilised & V2 fire rated polyethylene
IP Rating	IP33
Compliance suitable for construction sites	AS/NZS 3190 and AS/NZS 3012 as a portable socket outlet assembly (PSOA)

PORTABLE POWER BOX (PPB) SERIES

FEATURES

Highly Portable

Single Phase

Quick Charge

AC and PV Charging Inputs

Portable Power Box (PPB) Solution

The Makinex Portable Power Box (PPB) series is a versatile range of high-capacity, portable power storage devices designed for various industries and applications. Emissions-free and whisper-quiet, these units provide reliable power for both indoor and outdoor use without the need for fuel.

Each PPB model is equipped with advanced safety features, such as RCD protection, touch-safe solar PV connectors, thermal overload protection, and a battery management display. With plug-and-play power plugs, USB-A and USB-C (quick charge 5V-3A) outlets, and easy transportability, the PPB series delivers safe, clean power wherever and whenever needed.

Whether for concrete cutting, mobile catering, event management, film production, emergency backup, or confined space applications, the Makinex PPB series offers tailored solutions to meet diverse power needs.

Ideal For

- Indoor environment
- Outdoor environments
- Events
- Construction
- Mining
- Film studios
