

MAKINEX[®]

Surface Preparation Tile Smasher Head SDS Max and Plus

A Precise Demolition Tool for Vertical and Horizontal Removal of Tile, Mortar and Masonry

Demolish up to
6x Faster

SDS Max and Plus
Options

Suits most handheld
breakers up to 10kg

Discover unmatched efficiency with the Makinex Tile Smasher Head SDS Plus and SDS Max. Built for maximum durability and ease of use, these tools feature high-tensile steel heads with a counter sunk bolt design, a hardened steel shank with a secure taper lock for quick shank changes, and a hardened spring steel blade for rapid and large-scale material removal. Ideal for removing mortar, tile, glazing compounds, and masonry, the 10cm wide blade ensures quick and efficient chiseling and removal. These tools are engineered for precise remediation work in concrete and demolition in masonry. Compatible with SDS Plus, Max, and rotary hammers, and suitable for handheld and cordless breakers up to 10kg, Makinex Tile Smasher Heads are your ultimate solution for demanding construction tasks.
